# Olive Net

For those clients that spend periods of time abroad, we have available the StandBy mode, which can be activated during the time that you are not in Spain.

To request both activation or deactivation of the "StandBy" mode you have to send an email to [info@olivenet.es](mailto:info@olivenet.es) with the below information:

- Client N°: .....
- DNI/NIE/CIF/Passport : .....
- Name, Surname: .....
- Address of Installation: .....
- Standby period: from 01 month /year .....
- To: 01 of month/ year .....

## Dear Customer

Only requests that complete this form will be accepted.

Note that:

When the "StandBy" mode is activated, monthly fee goes down to 0€/month. The StandBy will be 0€/month as long as the there is a minimum of 1 month of activated and billed service.

The activation / deactivation of the "StandBy" mode has to be requested minimum 7 working days before the 1st of the month for which you want the "StandBy" mode to be on.

"StandBy" mode can be only activated for full calendar months (from 1st till 1st of the next month).

Initially every hired service will be paused. In case that you want to keep active some of the other services (such as landline), this must be duly specified on the email: DO NOT PUT THE TELEPHONE LINE ON STANDBY.

"StandBy" mode can not be applied on mobile services, virtual PBX and internet service if static IP is chosen.

The Standby Service can be activated for a maximum of 9 continuous months a year. If this period is exceeded, the service is reactivated automatically.
